## Career Objective

---

Engineering student specializing in Computer Science and Data Science with skills in Python, Machine Learning, Web Development, and problem-solving, seeking opportunities to apply my knowledge in building scalable applications and data-driven solutions while contributing to organizational growth.

## Education

---

- |                                                           |                 |
|-----------------------------------------------------------|-----------------|
| • <b>Malla Reddy Engineering College</b>                  | 2023 – Present  |
| B.Tech in Computer Science and Engineering (Data Science) | CGPA: 8.07      |
| • <b>SR Junior College</b>                                | 2020 – 2022     |
| Intermediate                                              | Percentage: 82% |
| • <b>Maharshi Vidyalaya</b>                               | 2019 – 2020     |
| Secondary School Certificate (SSC)                        | CGPA: 10.0      |

## Skills

---

- **Languages:** Python, C, Java (Basics)
- **Web Technologies:** HTML, CSS, JavaScript, React (Basics)
- **Coursework:** Machine Learning, DBMS, Operating Systems, Computer Networks
- **Soft Skills:** Communication, Time Management, Adaptability, Quick Learner

## Projects

---

### CareerDNA – Intelligent Resume Analysis and Career Path Recommendation System

- Solved resume rejection by developing CareerDNA with ATS analysis, improving resume quality.
- Built a Flask app for career insights and skill gaps, improving job readiness.

### Explainable Credit Risk Predictor

- Built a machine learning model for credit risk prediction using data preprocessing and model training.
- Applied explainability techniques to provide transparent and accurate loan risk assessment.

## Achievements

---

### Inter-College Tech Project 2024

- Developed a Phishing URL Detection system using machine learning to classify malicious and legitimate URLs.

### Smart India Hackathon 2024

- Hassle-free tourism platform — drafted an idea on travel and tourism and qualified at inter-college level.

## Certifications

---

- |                                                    |      |
|----------------------------------------------------|------|
| • Microsoft Certified: Azure Fundamentals          | 2024 |
| • Data Science Course – Skill India                | 2025 |
| • freeCodeCamp – Responsive Web Design Certificate | 2025 |
